

## VETO MESSAGE DELAYED

House Will Take It Up Next  
Thursday

## MAY PASS THE CENSUS BILL

In Spite of the President—Foraker Yesterday Presented Senator Burton—  
Hitch in the Plan for the Lincoln Holiday.

Washington, Feb. 10.—The House committee on census yesterday decided to postpone until next Thursday the consideration of the message of the president vetoing the bill providing for the census of 1910. A large majority of the members informally expressed the opinion that the bill should be passed, regardless of the president's objection.

## FORAKER PRESENTS SUCCESSOR.

The Senate Receives The Credentials of Mr. Burton of Ohio.

Senator Foraker yesterday presented to the Senate the credentials of his successor, Senator-elect Theodore E. Burton of Ohio.

## NEW GOV. FOR CANAL ZONE.

Bill Taken Up By The House Under Special Order.

Under a special order the House of Representatives yesterday took up the bill to provide for the government of the canal zone, the construction of the Panama Canal and for other purposes. According to the report of the committee the general purpose of the bill is to give congressional sanction to a form of civil government on the canal zone and provide for a simple method of administration in the construction of the canal. One of the necessities for legislation, it is stated, is to provide a system by which appeals may be taken from judicial decisions in the canal zone to the proper courts in the United States.

## GLACIER NATIONAL PARK.

Another National Reservation Favored By House Committee.

The House committee on public lands has authorized a favorable report on a bill creating Glacier National Park in northwest Montana. The bill provides for the setting aside of 1,300 square miles of mountainous country, some of it 10,000 feet above the sea level, containing 250 lakes and more than sixty glaciers and as an additional attraction, it is contended that it contains the only glaciers in the United States outside of Alaska. The latter claim, however, is disputed on behalf of Colorado.

## HOLDS UP LINCOLN HOLIDAY.

Mr. Underwood Objects To The "Lincoln Way" Amendment.

The prospects for the passage of the resolution making Feb. 12, the one hundredth anniversary of the birth of Lincoln, a legal holiday in the District of Columbia and the territories, were dimmed in the House of Representatives yesterday through an objection by Mr. Underwood of Alabama to a motion to send the resolution to conference. As it came over from the Senate the resolution contained an amendment appropriating \$50,000 for the survey of the proposed Lincoln way from Washington to Gettysburg. There was a disposition in the House to accept that amendment, but Mr. McCall of Massachusetts chairman of the committee having the matter in charge, preferred a conference, and because of his insistence in his contention the objection was made.

## BURKE'S WIRELESS BILL REPORTED

Amendment to Make It Cover Great Lakes Is Voted Down.

The Burke bill to require ocean-going vessels to be equipped with wireless telegraphy was yesterday reported out of the House committee on merchant marine and fisheries. An attempt to amend it to include the Great Lakes within its provisions was voted down.

ever had that tired feeling I had it. My health and strength were all run-down, and I was so tired that it was not more physical weakness but a prostration of the whole system.

"I was tired of life and thought I was a burden to those about me.

"I suffered often from rheumatism so that I had to walk with a cane, and was also very dizzy at times.

"My attention was called to Hood's Sarsaparilla by a kind friend, so I got a bottle, and before I had taken it all I knew it was doing me good. So I continued and soon felt so much better I seemed an entirely different person.

"When I commenced taking the medicine I weighed 124 pounds. Now I weigh 154 and I owe my present good health to Hood's Sarsaparilla."

MRS. MARY C. CRYDERMAN, Laton, Kansas.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost medicinal values of more than 25 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. It is urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

proprietor bill for the construction of two 26,000 ton battleships. It is expected the bill will be reported to the Senate tomorrow.

A number of senators proposed that the two battleships to be authorized should be of the type of the two authorized last year which are of about 5,000 less displacement. Senator Perkins and some others argued that the subject of building the larger ships had been considered carefully and that plans of the general board of construction had been approved. As a result of these arguments the House program was adopted.

## ROOSEVELT REARS PLAN.

Gardner Shows How Insurgents Hope to Clip Wings of Speaker.

Washington, Feb. 10.—The House in its 28th session, have agreed on a plan of action for clipping the wings of Speaker Cannon and for controlling the larger power, wasted in the committee on rules.

Congressman Gardner of Massachusetts visited the White House yesterday morning and the whole plan was unfolded to President Roosevelt. The leader of the insurgents, Representative Murdock of Kansas, was not present during the unfolding, nor his lieutenant, Representative Pete Hepburn of Iowa, but Mr. Gardner was authorized to act as a sort of general publicity agent and special ambassador to the White House.

Insurgent Representative Scott of Kansas and Townsend of Michigan will introduce a resolution representing the body of the insurgents. The main resolution to be introduced by 25 objectors to the present "czar rule" will embody the following "important change" in the present House rules. The language is Mr. Gardner's:

1.—Committees and chairmen are no longer to be appointed by the speaker, but by a committee chosen from the House by territorial divisions, so that each section of the country may be represented.

2.—The committee is to be known as the committee on rules and committees. It will exercise the double functions of a committee on rules and a committee on the selection of the standing committee. It is to consist of nine Republicans and six Democrats.

3.—One day each week known as "Calendar Tuesday" is to be set apart for action on general measures of importance, whether approved by the speaker and the committee on rules and committees or not. On this day appropriation bills may not be considered.

A number of members who think that this resolution to be introduced by the majority goes too far, will, it is understood, introduce another resolution providing for calendar Tuesday, but leaving the selection of standing committees in the hands of the speaker. For this reason they did not sign the majority report.

The insurgents in the front ranks, 28 in number, who are for everything or nothing with no idea of compromise, are Cooper, Wisconsin; Davis, Minnesota; Ellis, Missouri; Bach, Wisconsin; Fowler, New Jersey; Gardner, Massachusetts; Gorman, North Dakota; Hayes, California; Hepburn, Iowa; Hinshaw, Nebraska; Hubbard, Iowa; Kinkaid, Nebraska; Lindbergh, Minnesota; Lovering, Massachusetts; Madison, Wisconsin; Marshall, North Dakota; McKinley, California; Morse, Wisconsin; Murdock, Kansas; Nelson, Wisconsin; Norris, Nebraska; Pearce, Maryland; Pollard, Nebraska; Stearnson, Minnesota; Volstead, Minnesota; and Waldo, New York.

## BONAPARTE ASKS MONEY.

Tells House Committee His Department Did Not Use Secret Service.

Washington, Feb. 10.—Atty-Gen. Bonaparte was before the sub-committee on appropriations nearly all day giving information regarding items desired by the department of justice in the sundry civil appropriation bill. Most of the time was devoted to consideration of the secret service work of the department.

The attorney-general reviewed the steps which preceded the disavowal of the use of the secret service men of the treasury department for investigation of frauds, saying that not a single agent of that department was employed by the department of justice on land fraud investigations for some time prior to the sundry civil appropriation bill was enacted into law last year. It was in this law that the limitation of the use of the secret service of the treasury department was incorporated.

Cortelyou Gas President.

Washington, Feb. 10.—Secretary Cortelyou is to be the spokesman of New York City. The position of president of the Consolidated Gas company on the expiration of his term as head of the treasury department, March 4, has been offered to him and he has accepted.

## JAPANESE BILLS TO PASS?

Segregation Declared Certain in California

## STANTON IS DELAYED

Twitmore Denies the Statement Made by the President—Says the Number of Japanese in the State Is Increasing.

San Francisco, Feb. 10.—The Chronicle published yesterday a special dispatch from Sacramento, declaring the passage of both the anti-Japanese measures now being considered by the California legislature. These are the bills providing for the segregation of undesirable aliens in the residence districts of towns and cities, and the regulations providing for schools for the Japanese.

Speaker Stanton has been so delayed by washouts that it is hardly likely he can get back to Sacramento in time to assert his influence against the bills and it is possible that they will have been voted on when he arrives. The legislators are said to feel irritated towards Stanton because they consider that he has been guilty of bluffing. They believe that both the speaker and the national administration are playing for delay without definite reason and this feeling is likely to cause the backers of the bills to insist on their immediate consideration.

O. A. Twitmore, the president of the Asiatic Exclusion league, has issued another statement denying the president's assertion that the Japanese are leaving this country faster than they are coming to it. He declares that he has positive figures to prove that there are more Japanese in his state than ever before and that the influx is increasing. According to his statement, a large part of this immigration is coming across the borders of Mexico and Canada.

## WILL KILL ALIEN LAND BILL.

Nevada Senate Committee Not in Favor of Measure.

Carson, Nev., Feb. 10.—The assembly bill prohibiting Japanese and Chinese from acquiring land or acting as corporation agents reached the Nevada senate yesterday. Instead of referring the measure to the federal relations committee, as was done in the assembly, the Senate sent it to the judiciary committee, along with the anti-Japanese resolution. It is almost certain that the bill will sleep in this committee or be reported unfavorably.

## TO GIVE ITALY A HOSPITAL.

Nelson Gay of Boston, Aiding in Relief Work, Helping The Project.

Palmi, Calabria, Feb. 10.—Nelson Gay of Boston, and Earl Dodge, secretary to Ambassador Griscorn, who have come down here from Rome to distribute American relief to the needy are at present engaged in establishing a permanent hospital in which they are being aided by the Italian authorities. The Italian authorities here are so pleased with the assistance given by this American expedition that it has been decided to name a suburb of Palmi, "Stati Uniti," which means United States.

## MANY HAT SHOPS OPEN.

Ready to Receive Applicants For Employment.

New York, Feb. 10.—Sixty-five hat factories throughout the country which formerly employed about 25,000 hat makers, were expected to open yesterday as non-union shops. Reports which came to Samuel Mundheim, president of the Associated Hat Manufacturers, yesterday stated that the factories in Danbury and South Norwalk, Conn., and Philadelphia had been reopened as open shops but the action was delayed in Newark, N. J. In Brooklyn Mr. Mundheim opened his own factory and reported that fourteen men had been engaged who formerly (340) union men were employed. None of the union men had applied for positions in the Mundheim factory.

## ENGLAND APPROVES.

Government Assents to Newfoundland Fisheries Pact.

London, Feb. 10.—The government has forwarded to Ambassador Bryce, at Washington, authorization to give its assent to the agreement between Canada and the United States upon the Newfoundland fisheries question.

## MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here Is a Common-sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill.

The sturdiest chap in town usually loses his self control, and is utterly unable to regard his condition with the common sense that characterizes his everyday actions.

For example: He comes home tired, eats heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation.

Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets would have given him instant relief—would have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after each heavy meal, and indigestion can never bother you.

Rexall Dyspepsia Tablets cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich blood.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to cure indigestion and dyspepsia. If they fail, we will refund your money.

Price, 25 cents per full package. Sold only at our store or by mail. Rickert & Wells, The Red Cross Pharmacy, Miles Granite Block.

## LONGBOAT WILL RUN SHRUBBS 15 MILES

Indian's Manager Accepts Terms for Buffalo Engagement.

New York, Feb. 10.—The managers of Tom Longboat, the Indian Marathon runner, announced yesterday that they had decided to accept the offer of a \$7,500 purse for a fifteen-mile race in Buffalo on Feb. 25 with Alfred Shrubbs, the speedy Englishman who was defeated for the Marathon distance of twenty-six and a fraction miles by the Indian in Madison Square Garden last Friday evening.

Shrubbs' friends are sanguine that he can defeat Longboat at the shorter distance.

## BOMB HURLED AT LINCOLN.

Attempt Upon His Life Made in Baltimore Long Kept Secret.

Springfield, O., Feb. 10.—That an attempt was made upon President Lincoln's life in Baltimore as he was on his way to Washington to take office is told by Mrs. Mary Coggeshall, widow of the president's closest friend, who says, saved the president from death.

All these years the story has remained a secret with Mrs. Coggeshall, to whom it was told by her husband in secrecy. Lincoln told no one of it. Mrs. Coggeshall believes the telling of it now can do no harm and that it may be an interesting addition to the Lincoln literature of the month.

Her story is that a bomb was hurled into the coach occupied by Lincoln as it was standing in the station in Baltimore on the way to Washington, and that her husband first showed Lincoln through the door of the car and then hurled the bomb through a window of the coach away from the crowd.

Coggeshall, who was one of the war president's closest friends, accompanied him from Columbia to Washington. He was later sent by Lincoln as minister to Ecuador, where he died of yellow fever.

Mrs. Coggeshall says: "A change of cars had to be made in Baltimore. The special car dashed into the depot and preparations for an immediate change to the Washington car were made. Mr. Lincoln, who was leading, turned just as they reached the door and saw a hissing bomb in the seat he was passing."

"Mr. Coggeshall turned and saw what menaced the president. He gave Lincoln a shove that sent him out on the platform, grabbed the bomb and hurled it out of the window opposite to where the crowd was gathered, and then hurried to the waiting train. When they had become composed, Lincoln exclaimed: 'Coggeshall, did I not tell you that if you came with me I should come safely? God knows best!'"

"For a moment my husband could not talk. Then he said: 'Mr. President, let this pass no further; let us not give it to the world to be criticized.'"

## WOMAN TO RUN ART LIBRARY.

Jane Wright Called to an Important Position at Princeton.

Cincinnati, Feb. 10.—Princeton university has called a Cincinnati girl to the position of librarian in charge of its great art library, one of the finest of its kind in this country.

Miss Jane Wright, daughter of Dr. C. M. Wright of Clifton, has resigned as librarian at the Art Museum and will leave for Princeton next Tuesday. So important did the trustees of Princeton regard the matter of the selection that they allowed the place to remain vacant for more than a year while they canvassed the country for some one who would come up to the required standards. Miss Wright's name was brought to their attention in December and they wired her to come to Princeton for an interview. The result was that she was offered the position and asked to take hold as soon as possible.

## TIMBER FRAUD IN OKLAHOMA.

Indians Lands Are Reported Robbed for Years.

Muskogee, Okla., Feb. 10.—Alleged timber frauds and thefts of gigantic proportions are said to have been unearthed by the government timber inspectors in southeast Oklahoma, and are under investigation by a federal grand jury which reconvened yesterday after a four days recess. There are about fifty witnesses who will testify. Several timber companies are said to have been cutting hardwood timber and pine on Indian lands for years.

## LOCK CANAL A MISTAKE

Chairman Kittredge's Report is Sensational

## HE DECLARES THE WORK

Will Cost \$400,000,000—Attacks the Plans and Policies of Roosevelt—  
New President Is Likely to Face a Serious Situation.

Washington, Feb. 10.—With the charge that a tremendous mistake was made in adopting the lock instead of the sea-level type of canal for Panama, and that present estimates it may be expected the lock canal will cost \$400,000,000, Senator Kittredge of South Dakota, chairman of the Isthmian canal committee, yesterday presented to the Senate a sensational report on that project and the progress of the work on it.

The report indicates that the committee has changed from since the time, two years ago, when it acquiesced in the demand for the lock canal. It is also construed as the greatest attack yet made on the program and policies of President Roosevelt, who assumed the personal responsibility of the change to the lock canal after the international board of consulting engineers had made a majority report for the sea-level plan.

The majority of that board voted for sea-level; the minority, including, however, most of the Americans, voted for the lock-ditch.

Sensor Foraker and Teller also declared that they believed a grave mistake had been made in adopting the lock project. Mr. Kittredge took occasion to say that the canal committee disapproved of the proposed issue of bonds, and he read a statement of the expenditures on account of the canal showing that they had been \$170,964,468.

The tone and temper of the Senate's reception of the Kittredge report yesterday indicated clearly that a determined attack is to be made on the whole conduct of the canal business. Senator Kittredge spoke with emphasis and something very like bitterness. He had been the leader of the fight in the Senate for the sea-level type, and was only defeated on a close vote, after a fight in which President Roosevelt and the then Secretary of War Taft, used their utmost influence and activity to line enough votes against him.

Yesterday's developments make it certain that the Roosevelt administration will go out with the Taft administration come in, with the whole canal question muddled and befogged, and with the question of future policy looming large and uncertain. The repeated expressions of misgiving and uncertainty about the whole scheme on which the government is now working, are condensed into the Kittredge report of yesterday.

## CLEVELAND BANKERS ASSIGN.

Lamprecht & Co., State That Assets Are \$50,000 Above Liabilities.

Cleveland, Feb. 10.—Lamprecht Brothers & Co., bankers and brokers, filed a deed of assignment in the insolvency court yesterday. The assignment was made to T. H. Bushnell. The assets were stated to be \$50,000 above liabilities.

The only reason given for the assignment was "general business depression." Lamprecht Brothers & Co. are members of the New York stock exchange, the Chicago board of trade, the Chicago stock exchange, the Cleveland stock exchange and the Toledo stock exchange. It is said that no one will probably suffer loss outside of the members of the company as a result of the failure.

## SIX AMERICANS KILLED.

Bridge Over Central Railway Near Tamboque, Peru, Collapses.

Lima, Peru, Feb. 10.—A bridge over the central railway near Tamboque, collapsed Monday owing to a collision between a locomotive and a construction car. Thirteen men were killed, of whom six were Americans, including second engineer Niblock of the construction department of the American Bridge company.

## ABRUZZI GOING TO HIMALAYAS.

He Will Try to Reach an Altitude of 25,000 Feet.

Rome, Feb. 10.—The Giornale d'Italia says that the Duke of the Abruzzi will explore the Karakorum range of the Himalaya mountains. It is the intention of the duke, if possible, to reach an altitude of 25,000 feet or more, the highest peak of this range, Govind-Austen, rises to a height of 28,278 feet. The greatest altitude so far attained by other explorers is 22,000 feet. The duke will leave on his expedition about the end of March.

## HIGH-O-ME

That's the Way to Pronounce Hyomei, the Money-back Catarrh Cure.

As doubt exists in the minds of many readers of the Barre Daily Times, let us say that the above is the proper pronunciation of America's most wonderful catarrh cure. The Red Cross Pharmacy is the agent for Hyomei in Barre and will sell you an inhaler, a bottle of Hyomei, and full instructions for use, for only \$1.00.

And if it fails to cure acute or chronic catarrh, asthma, bronchitis, croup, hay fever or coughs and colds, they will give you your money back. The person who suffers from catarrh after such an offer as that, must like to snuff, spit and wheeze, and be generally disgusting.

Read what Mr. G. F. Lowe says: "I have used Hyomei for a case of nasal catarrh which had bothered me for a long time. I can say that Hyomei killed the germs of the disease, and gave me the much sought and needed relief. From this experience, I know Hyomei to be a reliable remedy, and I give it the praise and recommendation that it deserves."—G. F. Lowe, R. F. D. No. 7, Allegan, Mich., September 10, 1903.

## WISCONSIN DECIDES TO PROBE THE PRIMARIES

La Follette Says He Is Not Afraid of the Result—Stephenson Still Shy of Votes.

Madison, Wis., Feb. 10.—Both branches of the Wisconsin legislature yesterday adopted the report of the conference committee for an investigation of the United States senatorial primary election. United States Senator Isaac Stephenson is the primary nominee.

The eighth joint ballot to United States senator resulted in no choice. Senator Stephenson received 58 out of a total of 119 votes, lacking two of a majority. There were 14 absentees.

Washington, Feb. 10.—Senator La Follette of Wisconsin, moved by dispatches saying his friends would vote against the Stephenson investigation, yesterday gave out the following dispatch, signed by himself and addressed to Senator A. W. Sanborn of the Madison legislature: "Sensational Madison dispatch published here to-day says that my friends 'will vote against proposed investigation of Mr. Stephenson,' because of 'covert threat that Stephenson proposed to tell how he spent the money' in my behalf in former campaigns. Let no threat deter any friends of mine from supporting the resolution to investigate charges of violation of law in connection with the senatorial primary. I should be glad to have Mr. Stephenson state fully and specifically the exact amount contributed to each of my personal campaigns, either to me or to anyone authorized to receive such contributions. I do not recognize money invested in Mr. Stephenson's newspaper as contributions to my personal campaigns."

## MONUMENT SHAW WANTS.

Dramatist Would Have It a Good One Erected in His Lifetime.

London, Feb. 10.—George Bernard Shaw will never, either before death or after, object, as the friends of Whistler now say the latter objected, to the erection of a monument to commemorate his virtues and his greatness. Approach as to his wishes on the subject, the dramatist, Socialist and critic said: "Whether I should object to a monument would depend altogether on whether it was a good one or not. If Robin would undertake the work, my sense of public duty would lead me to consider very seriously whether I ought not to commit suicide in order to have it put in hand at once."

"Indeed, I have never been able to see why a grateful public should insist on a man's dying before it commemorates him. Not only do I consent most cheerfully to the erection of a really fine monument to me after my death, but I am quite willing that this testimonial should be erected at once. For I do not see why I should be the only person to be deprived of the pleasure of the contemplation."

## DEPOSITORS SURPRISED.

Those of Somersworth, N. H., Bank Credited with Interest Since It Was Closed.

Somersworth, N. H., Feb. 10.—The depositors of the First National bank have been pleasantly surprised by the information that they have been credited with interest on their deposits from the date of the closing of the bank to the present time. The business of the opening day is declared to have been very satisfactory. There were comparatively few withdrawals and many deposits.

The bank examiner, when, who has been temporary receiver, and public accountant Park, will remain at the bank for a few days, to assist the new cashier, Mr. Stevens.
